AUGUST 27TH-OCT. 22ND

MONDAYS- 3:15-4:00PM

- *no class labor day
- Price: \$100

Full Circle Dance is an in-school and after school dance program founded in the belief that dance is a powerful way to promote creativity and critical thinking, self awareness, collaboration, pride of achievement, and well-being.

OUR GOAL IS TO INFUSE STUDENTS' LIVES WITH THE JOY AND MAGIC OF DANCE.

Our classes include many genres of dance and music. This includes pre-ballet and the core elements of dance such as rhythm, direction and place, setting children up for success in any style of dance they may choose to continue doing in the future. We use a unique pedagogy that makes learning dance vibrant and exciting. In each of our classes, we guide children through a series of movement patterns created by neurodevelopmental movement therapists to help children feel focused and engaged. Each of our sessions has a curricular theme, allowing children to learn about the world through dance. These curricular themes provide meaningful connections for students while giving intention to their movement. Our goal is to create dancers who are inspired and expressive movers!
